1. Qualitative information on quarterly financial results

(1) Explanation of business results

During the first quarter of the consolidated cumulative period under review, the global economy showed signs of recovery as restrictions on economic activity eased due to the impact of the novel coronavirus disease (COVID-19). However, the outlook remains uncertain due to soaring raw material prices, geopolitical risks such as the situation in Russia and Ukraine, and exchange rate fluctuations.

In the domestic construction industry, in which the Group is involved, although some civil engineering related construction starts have been postponed, the private sector construction work, mainly renovation work in the Tokyo metropolitan area, is performing well. Overseas, in the Philippines, the government has lifted restrictions on going out and movement, and there are signs of a recovery in construction investment.

In this environment, the Group has set a management vision of " Create new value through transformation and aim for sustainable growth by becoming a partner to our customers " in the medium-term management plan announced on May 31, 2021. We have designated the current consolidated fiscal year as the first year of the platform, and will provide a business platform that allows customers to utilize our sales, rental, and other business bases as if they were their own. In addition, we will work on four measures: Strengthen products for maintenance/repairs and infrastructure redevelopment, Nurture businesses beyond the temporary equipment sector, and Redevelop overseas business bases.

As a result, for the first quarter of the current fiscal year, the Company posted net sales of 9,017 million yen (down 2.4% year-on-year), operating income of 181 million yen (up 133.2% year-on-year), ordinary income of 436 million yen (up 198.0% year-on-year), and net income attributable to owners of the parent of 313 million yen (up 1,272.6% year-on-year).

Operating results by segment are as follows.

(Sales business)

In the temporary construction sector, interest in the "Iq System" remains high, and inquiries for new procurement, replacement, and additional purchase projects are growing steadily.

On the other hand, in the non-temporary construction sector, construction of large-scale high-performance glass greenhouses for agriculture came to an end in the first half of the previous consolidated fiscal year, and sales decreased compared to the same period of the previous year.

As a result, sales were 2,472 million yen (down 22.1% year-on-year) and operating income was 127 million yen (down 59.1% year-on-year).

(Rental Business)

In private sector construction work, the severe situation continues from the previous consolidated fiscal year, with construction suspended, delayed, and postponed. Meanwhile, the lending volume of the "Iq System" has been growing steadily, mainly for maintenance and repair work in the Tokyo metropolitan area. In the civil engineering sector, although some construction starts have been postponed, the lending volume has increased.

As a result, sales were 5,706 million yen (up 6.0% year-on-year) and operating income was 396 million yen (up 534.4% year-on-year).

(Overseas Business)

At HORY VIETNAM (Vietnam) and Hory Korea (South Korea), the procurement of raw materials and parts has not been significantly affected, and shipments of temporary construction materials to Japan are growing steadily.

At DIMENSION-ALL INC. (Philippines), the government's restrictions on going out and movement have been lifted, and inquiries related to infrastructure construction are increasing.

As a result, sales were 2,043 million yen (up 43.9% year-on-year) and operating income was 105 million yen (up 122.0% year-on-year).

(2) Explanation of financial condition

Total assets at the end of the current first quarter consolidated accounting period were 59,473 million yen, an increase of 392 million yen from the end of the previous consolidated fiscal year. This was mainly due to a decrease of 1,117 million yen in Cash and deposits, a decrease of 330 million yen in Notes and accounts receivable trade and contract assets, and an increase of 865 million yen in Merchandise and finished goods, and an increase of 145 million yen in Raw materials and supplies, and an increase of 286 million yen in Assets for rent, net, and an increase of 190 million yen in Buildings and structures (net).

Total liabilities amounted to 40,197 million yen, an increase of 453 million yen from the end of the previous consolidated fiscal year. This was mainly due to an increase of 564 million yen in short-term loans payable, a decrease of 256 million yen in Income taxes payable.

Total net assets amounted to 19,276 million yen, a decrease of 61 million yen from the end of the previous fiscal year. This was mainly due to a decrease of 59 million yen in retained earnings resulting from 313 million yen in net income attributable to owners of the parent and 372 million yen in dividends from surplus.

(3) Explanation of consolidated financial forecasts and other forward-looking statements

Regarding the consolidated earnings forecast, there is no change to the consolidated earnings forecast for the second quarter consolidated cumulative period and the full year announced in the "Summary of Financial Results for the Fiscal Year Ending March 2022" dated May 12, 2022.

(Significant Subsequent Events)

Merger between consolidated subsidiaries

At the meeting of the Board of Directors held on July 22, 2022, we resolved to conduct an absorption-type merger with our wholly-owned subsidiary TOTAL TOSHISEIBI Co., Ltd., as the surviving company and our wholly-owned subsidiary NEXTECH Co., Ltd., as the merged company, and signed a merger agreement on the same date.

1 Overview of the transaction

(1) Name of the company involved in the merger and details of its business

Name of combined company TOTAL TOSHISEIBI Co., Ltd.,

Business content Support work leasing business for civil engineering and design of support work and its

technical guidance and rental and sale of temporary equipment for shield work

Name of company to be merged NEXTECH Co., Ltd.,

Business content Sale and rental of temporary equipment for civil engineering and construction (Scaffolding,

Formwork, Support materials)

(2) Date of establishment

October 1, 2022 (planned)

(3) Legal form of business combination

Absorption-type merger with TOTAL TOSHISEIBI Co., Ltd., as the surviving company and NEXTECH Co., Ltd., as the merged Company

(4) Name of the company after the merger

TOTAL TOSHISEIBI Co., Ltd.,

(5) Other matters related to the outline of the transaction

TOTAL TOSHISEIBI Co., Ltd., is engaged in the rental business of underground shoring materials for redevelopment projects in urban areas and the rental and sales business of temporary materials for shield construction. NEXTECH Co., Ltd., is developing a rental business of stainless steel formwork for civil engineering work, and is expanding its rental business for construction work as well. Both companies have strengths in equipment and technology that specialize in formwork shoring materials.

Through this merger, we aim to expand our platform business and improve our corporate value by strengthening our ability to make technical proposals in the specialized construction field and by efficiently managing our management resources.

2 Overview of accounting treatment to be implemented

Based on "Accounting Standard for Business Combinations" (ASBJ Statement No. 21 January 16, 2019) and "Guidance on Business Combination Accounting Standard and Business Divestiture Accounting Standard" (Accounting Standards Board of Japan Implementation Guidance No. 10 January 16, 2019), we plan to account for transactions under common control.
